Singer/songwriter Mr. David recorded his first album for kids in the summer of 2004 at the request of parents and teachers who loved the music he was playing in the classroom. Its folksy, sixties-influenced sound was an immediate hit with his fan base, and with the magic of the Internet, he was soon selling to places as far away as Germany, New York City and yes, even Oregon! Since that first release, Mr. David has won fans throughout the West Coast and beyond, performing in children's museums, theme parks, classrooms, libraries and more.

Here's what one music reviewer had to say about Mr. David, "One of the marks of a great kid's album is when you can't quite tell it's for kids until you look closer. Mr. David's quirky little songs reach out to kids from a fun and yet sophisticated place. You'll find superb musicianship and creativity here and adult fans of quirky bands like They Might Be Giants will find it easy to identify with the perfect mix of playfulness and just solid, quality music."
